IC Header 2023-24

Institution: University of Georgia (139959)

Overview

IC Header Overview
Welcome to the Institutional Characteristics Header survey component (IC Header). This survey was introduced to collect data that are key to reporting throughout the IPEDS data collection, and must be completed and locked before any other survey can be started.

The IC Header should be completed based on the current year. Some IC Header questions may require nothing more than a confirmation, if nothing has changed. Please make changes as necessary, and complete items that do need a response (enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC Header data in determining the screens you will receive in other surveys, be sure to report correctly and to contact the IPEDS Help Desk if you have ANY questions about what you need to report.

The IC Header data affect other survey components in the following ways:
- The Educational Offerings question verifies your institution's inclusion in IPEDS.
- The Control and Levels page is key to all survey components, especially to Finance (F) and Graduation Rates (GR). Additionally, this is important information for students, impacts many federal reports, and is used in placing institutions in appropriate net price groupings.
- Calendar system selection impacts student charges data reported in Institutional Characteristics (IC), Fall Enrollment (EF) data, GR data, and Student Financial Aid (SFA) data related to the net price calculation.
- Enrollment levels impact student charges in IC and enrollment categories in the EF survey component.
- The Open Admission question determines whether the Admissions component will be required in the Winter collection.
- The Academic Libraries expenses question determines whether the Academic Libraries component will be required in the Spring collection. This question is asked of degree-granting institutions only.
- The operations question for new institutions determines reporting of 12-month enrollment (E12).
- The dual enrollment question will determine whether institutions report dual enrolled students in 12-month Enrollment (E12).

Data Reporting Reminder:
- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes to reporting:
The following changes have been made for 2023-24 collection:
- Added new screening question to determine the 12-month Enrollment (E12) reporting for high school students enrolled in college courses for credit
- Reprised "remedial education" terminology in survey materials to "developmental education," including Glossary terms
- Removed parenthetical references to "4 weeks" for text to read "1 month"
- Added FAQ regarding including incarcerated students in reporting
- Updated FAQ regarding experimental site participants

Resources:
- To download survey materials package for this component: Survey Materials
- To access your prior year data submission for this component: Reported Data

If you have questions about completing the survey, please contact the IPEDS Help Desk at 1-877-225-2568.
Part A - Educational Offerings

1. Which of the following types of for-credit instruction/programs are offered by your institution? [Check one or more]

- [ ] Occupational, may lead to a certificate, degree, or other recognized postsecondary credential
- [x] Academic, may lead to a certificate, degree, or diploma
- [ ] Continuing professional (postbaccalaureate only)
- [ ] Recreational or avocational (leisure) programs
- [ ] Adult basic or developmental instruction or high school equivalency
- [ ] Secondary (high school)
- [ ] Developmental
Part B - Mission Statement

1. Provide the institution's mission statement or a web address (URL) where the mission statement can be found. Typed statements are limited to 2,000 characters or less. The mission statement will be available to the public on College Navigator.

- Mission Statement URL: [https://www.uga.edu/mission.php](https://www.uga.edu/mission.php)

- Mission Statement:
2. What is your institutional control or affiliation?

Be sure to select the correct control for your institution. Errors on this question have an impact throughout the IPEDS surveys, in federal reporting, in net price groupings, and on your institutions’ appearance to students. If you reported incorrectly in a previous year, please contact the IPEDS Help Desk at 877.225.2568 to correct the error.

- **Public** - Select primary and/or secondary controls below

  - **State**
  - **Private for-profit**
  - **Private not-for-profit independent (no religious affiliation)**
  - **Private not-for-profit religious affiliation** - Select affiliation below

- **Secondary control (if applicable)**

  - **Select One**

3. What award levels are offered by your institution? [Check all that apply]

Award Levels reported should be completed based on the current year. When reporting award levels for subbaccalaureate certificates (levels 1a, 1b, 2, and 4), determine program length by the number of credit or clock hours.

The "Other" award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the "Other" category.

Even though Teacher Preparation certificate programs may require a bachelor’s degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1a, 1b, 2, or 4, depending on the length of the Teacher Preparation program.

☑ Yes, I confirm that I reviewed the award levels offered by my institution above.

☑ You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).
Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Institutional Characteristics student charges data in the fall, Student Financial Aid data in the winter, and Graduation Rates data in the winter. It also impacts the net price calculation in the Student Financial Aid survey.

If the calendar system differs from prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

4. What is the predominant calendar system at the institution? [Choose one]

**Academic Year Reporting Method** (Standard academic terms)
Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a **FALL COHORT**, and student charges data for a full **ACADEMIC YEAR**.

- Semester
- Quarter
- Trimester
- 4-1-4 or similar plan

**Program Reporting Method** (Other calendar system)
Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a **FULL-YEAR COHORT**, and student charges data by **PROGRAM**.

- Differs by program
- Continuous basis (every 2 weeks, monthly, or other period)

**Hybrid/Mixed Reporting Method** (Standard academic terms, other academic calendar)
Selecting the hybrid calendar type determines that your institution will provide Graduation Rates data based on a **FULL-YEAR COHORT**, student charges data for a full **ACADEMIC YEAR**, and Student Financial Aid data for students enrolling between August 1 and October 31.

- Hybrid (Other academic calendar)
5. Does your institution enroll any of the following types of students? 
Include all levels offered by your institution, even if there are no students currently enrolled at that level.
Responses to these questions determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the Spring collection.
Additionally, checking Yes for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report cost of attendance data (on the IC component) and Student Financial Aid data for these students.

Outside a dual enrollment program is defined as high school students who simply enroll in credit courses through your institution, and are treated as regularly enrolled college students.
Institutional Characteristics Header Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your institution’s Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the IPEDS Use the Data and appear as aggregated statistics in various Department of Education reports. College Navigator is updated approximately three months after the data collection period closes and DFRs will be available through the IPEDS Use the Data and sent to your institution’s CEO at the end of 2024.

Please review your data for accuracy. If you have questions about the data displayed below or after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at 1-877-225-2568 or ipedshelp@ed.org.
