

# 2025 Best Colleges - Main Survey

Please Read Instructions

## 2025 BEST COLLEGES

### Main Statistical Data Collection

Welcome. *U.S. News & World Report* is now collecting data for the 2025 edition of Best Colleges. The data your institution reports will help connect prospective students with their best fit schools. Submitting this survey benefits your institution too. It ensures your baccalaureate offerings will be assessed on their most recent and relevant figures. It provides information about distinct characteristics and attributes for U.S. News's school directory and personalized search tools (<https://premium.usnews.com/best-colleges/myfit>). It enables top officials at your school to have their peer assessment ratings of other schools included in the rankings calculations. Finally, free access to embargoed preliminary rankings will be contingent on submission.

As was done with the rankings published in September 2023, the upcoming rankings will only use data being reported for the first time in this survey; combined with U.S. News peer assessment survey data and third party data. This means that rankings data your institution reported to U.S. News in previous years -- some of which display in this survey for reference in reporting -- will not be used in future rankings calculations.

**Survey Deadline: June 14th, 2024**

**U.S. News will not be granting extensions beyond the listed date this year. Please complete the survey, or answer as many questions as possible, and submit by the deadline.**

Each year after the survey deadline, U.S. News emails the survey respondents at many schools asking them to confirm or update data that U.S. News analysts flagged as needing an additional look. During this time period that lasts several weeks, schools may email U.S. News with any corrections to inaccurately reported data or to supply a very limited amount of missing data. This stage of the quality control process is typically completed by the first half of August.

During data collection, U.S. News will send reminder emails to all schools that have not submitted surveys, regardless of their stated intention to participate. The exception is any institution not eligible for Best Colleges because one of the following: they will not be enrolling new first-year students in fall 2025; they are being merged into another institution; they lack regional accreditation, or they are an online institution that delivers minimal campus-based education. Qualifying institutions should email [official@usnews.com](mailto:official@usnews.com) (<mailto:official@usnews.com>) requesting to be removed from future distribution lists. Note that starting in late summer, institutions that specialize in online education or that do not enroll first-year students may be able to report on their degree completion programs as part of the Best Online Bachelor's Programs (<https://www.usnews.com/education/online-education/bachelors>) rankings.

There are three steps in the submission process:

**Step 1: Data** - Complete the questionnaire to the fullest extent your data and history allow. If you are not able to answer a question, leave it blank. If you have questions or concerns about how best to respond to a specific item, click the "Help" button on the top right-hand side of the screen to access the next available U.S.

News survey research associate.

Report statistical data throughout U.S. News's main and financial aid surveys that break out your institution's campuses in alignment with how they are reported to the U.S. Department of Education. This means questions that ask for information identical to IPEDS must be reported to U.S. News as reported to IPEDS. All rankings questions and the majority of remaining questions in these surveys replicate definitions from the Common Data Set/AAUP and/or IPEDS.

**Step 2: Assessment** - After entering your data, navigate to the 'Main Survey Assessment' section. The assessment runs a statistical comparison between your most recent data and the data submitted last year and will algorithmically identify potential errors such as very large changes between the two years of data that may need to be confirmed or resolved. **If large changes are flagged, a text box has been added that should be used to explain the change. In the case of a large change, the survey will not submit without providing an explanation.** Note that U.S. News only publishes individual cohort-level data on schools' most recently reported cohorts on our publicly accessible website; however, historic data are published in a subscription product.

For more information, please go to the main assessment section.

**Step 3: Verification** – After reviewing the assessment and fixing any remaining errors, navigate to the section titled "Verification". This is where the survey submission takes place. Please carefully review your survey data one last time. When you are ready, you **must** select the check box, fill out all the identification information (which must include the Dean or equivalent official who has verified the data) and hit the red "Submit Survey" button. **Failure to check the verification box and have the President, Provost, Dean or other equivalent senior administrator verify the data and fill out their information may be noted when the data are published and/or may result in the school not being ranked.** Once the "Submit Survey" button is selected, your submission is final and will be published.

### Important Icons

\* The red asterisk located next to a few question numbers indicated that the question is mandatory. If the question is not answered you will be unable to submit the survey. All assessment flags are mandatory and must be addressed.

✗ The red x indicates that you have not filled out the question correctly. There will be a line of text that accompanies the icon letting you know what is the exact problem. Once the issue is corrected the x disappears. All failed validations must be fixed before the survey can be submitted.

🛡 The gold shield indicates that the question is under consideration for use in the upcoming rankings edition for the overall rankings or a more specialized ranking.

❓ The question mark indicates a tip on how to answer that particular question.

☑ The checkbox indicates the assessment section of the survey.

⬆ The upward arrow indicates the verification section of the survey. This is where the submission button is located.

## Entering Data

To navigate among fields you may either click on the field to which you wish to move or press the Tab key until you reach it. To move between individual pages of the survey click on the "Next" or "Previous" links at the bottom of the page. You may also click on the section links listed in the index on the right-hand side of the screen and go to any page in the survey.

## Saving Data

Saving data happens automatically when a few actions are taken. One, you select the 'Next' button at the bottom of the page. Two, you select and navigate to another section in the question index. Three, you hit the 'Save' button at the bottom of a page. If you plan on leaving the survey before completion, please hit the save button before exiting the survey.

## Getting Help

If you have questions or encounter problems while you are completing the survey, click the "Help" button on the top right-hand side of the screen. This facilitates contacting the next available survey research associate who will endeavor to respond to your question within three business days (typically sooner).

## The Common Data Set

As stated earlier, U.S. News uses questions from the Common Data Set (CDS). The CDS initiative is a collaborative effort among data providers in the higher education community and publishers as represented by the College Board, *Thomson Peterson's*, and *U.S. News & World Report*. We hope that this effort to standardize data definitions makes it easier to complete our questionnaire.

For easy reference, all CDS items are noted throughout the Main and Financial Aid surveys. Please note that some of the questions used in the Best Colleges rankings are unique to the U.S. News survey and are not included on the CDS. After you have submitted your CDS, you will have an opportunity to submit information for these questions.

***All CDS submissions must have been received by May 1st 2024, in order to allow enough time for data entry and processing in-house. Please contact [usnews-data-collection@usnews.com](mailto:usnews-data-collection@usnews.com) for more information.***

**Cross-referencing submissions:** U.S. News in its discretion may conduct cross-referencing of data against previous years' submissions and third party sources. Regardless, schools are ultimately responsible for the accuracy of the data that they submit. If you need more details on how the cross-checking or missing data fills will work, contact [official@usnews.com](mailto:official@usnews.com) (<mailto:rmorse@usnews.com>).

## Questions potentially used in the upcoming overall rankings:

- ACT/SAT: 138, 139, 140, 141, 143, 144
- Instructional faculty: 178
- Student faculty ratio: 180
- Faculty salaries: 183
- Graduation rates and social mobility: 187
- First-year retention rate: 195

Data from the questions will be combined with the average ratings received on U.S. News's peer assessment survey, data sourced from IPEDS and The College Scorecard, and bibliometric data sourced from Elsevier (national universities only) to determine each school's overall rank.

U.S. News has also published other rankings and lists using data from the main survey that may use data from the following:

## **Campus Diversity**

- Student Ethnicity: 58

## **Programs to Look For**

- Undergraduate Academic Programs of Study: 29, 30

## **Best Colleges for Veterans**

- Enrollment and financial aid policies: 169-173

For a full list of additional rankings and lists -- most of which incorporate data from this main survey, visit [here](https://www.usnews.com/best-colleges/rankings) (<https://www.usnews.com/best-colleges/rankings>).

## **New questions**

There are only a couple entirely new questions. But most impactful change is question 187 in which U.S. News is newly collecting graduation rates on first-generation students. Question 189 asks for additional information on this topic. Question 190 is a new question enabling schools to report four year graduation rates that exclude from their cohorts bachelor's students in longer than four year programs, such as those in co-ops.

Otherwise, changes adhered to the Common Data Set Initiative. See [here](https://commondataset.org/) (<https://commondataset.org/>) for a summary of changes, some of which applied to questions in the main and financial aid surveys. Of note, need-based aid data (q. 16, financial aid) are now collected on less than full-time undergraduates, the breakdown of undergraduate GPA (q. 126, main) has a more granular breakdown of high school GPAs, and the column headers for SAT/ACT requirement policies (q. 131, main) have changed.

No questions were fully removed from the surveys. Three and four year old historic data for retention and graduation rates no longer display because the rankings use IPEDS for all historic graduation and retention data. A single year's data from the previous year still display for reference.

## **More on the Best Colleges Ranking**

More details on the U.S. News Best Colleges rankings can be found [here](https://www.usnews.com/education/best-colleges/articles/how-us-news-calculated-the-rankings) (<https://www.usnews.com/education/best-colleges/articles/how-us-news-calculated-the-rankings>).

If you have questions or feedback about the Best Colleges rankings methodologies or other education rankings and publications, contact [official@usnews.com](mailto:official@usnews.com) (<mailto:r Morse@usnews.com>). Note that U.S. News typically reveals methodology changes through its embargo process and/or website, and not by individual school request.

Requests for access to historical rankings information and millions of data points not published on usnews.com may contact U.S. News's Academic Insights team at [AcademicInsights@usnews.com](mailto:AcademicInsights@usnews.com) (<mailto:AcademicInsights@usnews.com>) for more information about subscribing to U.S. News's Academic Insights interactive portal designed specifically for institutional researchers and policy makers.

The next edition of the rankings will be published this fall. Ranked schools completing this survey will receive free early access to a preliminary version of the rankings through the Academic Insights platform.

On behalf of the data team and staff here at *U.S. News* and our many appreciative users, **thank you for your time and effort!**

## General Information

If any of the general information is incorrect, please enter the correct information. Note that cross-references to Common Data Set items appear next to the question text (for example, "Name of college or university: CDS A1").

For any assistance, please contact the address listed in the 'Help' icon at the top of the survey.

1.) Name of college or university:

CDS A1 This data is rolled over from last year.

University of Georgia

2.)

Please enter the name of your college/institution that should display on [usnews.com](https://www.usnews.com) in the next release if different from the preceding question. In many cases, this is a name change that has recently gone into effect or will be in effect by fall 2024.

**Leave blank if institution name in preceding question is the name that should appear on [usnews.com](https://www.usnews.com)**

This request should be acceptable to academic officials at the highest level of your institution, such as President, Provost or Dean. Note that ultimately *U.S. News* conforms to certain naming rules and conventions and may not incorporate this request.

29.) Popular Majors - 2023 Graduates:

Using CIP 2020 codes, please identify the ten majors with the largest percent of bachelor's degrees awarded by your institution between July 1, 2022 and June 30, 2023. Only ten majors can be entered. This information is for display on the U.S. News website and respondents should select the granularity of CIP codes that will be most informative for prospective students, independent of what was reported elsewhere as part of CDS. For more information on CIP 2020 click [here \(https://nces.ed.gov/ipeds/cipcode/browse.aspx?y=55\)](https://nces.ed.gov/ipeds/cipcode/browse.aspx?y=55). Last year's information (2022 graduates) is included for your reference.

## Programs Offered

### 30.) Academic Offerings and Policies

Special Study Options: For the following questions, please check each program offered. Then report the percent of 2023 graduating seniors who have participated in these programs during their undergraduate years. The cooperative education program and study abroad program responses may be cross referenced as part of Programs to Look For rankings.

*Note: Definitions of these programs can be found here at [www.commondataset.org](http://www.commondataset.org)*

### 31.) Undergraduate Academic Programs of Study

Please check each academic program offered and report the percent of 2023 graduating seniors who have participated in these programs during their undergraduate years. **Which programs are offered may be used to verify the Programs to Look For rankings.**

**First-year Experiences:** Curricular and/or co-curricular programs beyond orientation that bring together faculty and/or staff and groups of first-year students to: address the development of knowledge, skills, and/or perspectives for academic and college success; promote meaningful student-faculty interaction (one-on-one or in small groups).

**Learning Communities:** Groups of students that take part as a cohort in intentional, institutionally-designed curricula, most often consisting of at least two linked courses, that are designed to address academic and social development inside and outside the classroom through planned interactions among the cohort and with the faculty.

**Senior Capstone of Culminating Academic Experiences:** Integrative, credit-bearing experiences, offered in the last stages of a student's program of studies, which aim to have the student synthesize the academic experience, often in the creation of a product that demonstrates the ability to frame and resolve an open-ended question, or of a performance or an exhibit.

**Undergraduate Research:** Self-directed academic work by an individual student or by small groups of students that deals with an open-ended issue with the expectation of a substantial scholarly or creative product that can be formally presented on or off campus. Such work is undertaken with a faculty mentor for at least one academic term or intensive summer, and students understand their roles as researchers/creators and act in those roles.

**Service Learning:** An academically-based instructional strategy, credit-bearing or required for a degree, that provides students with both meaningful service opportunities in interactive partnership with the community and academic structures for analysis and reflection on their contributions and learning.

**Study Abroad:** Substantial academic, credit-bearing study, the equivalent of at least one full course, under faculty supervision, conducted outside the United States but approved by the home institution, which includes substantive interaction between the student and the host culture and/or environment.

**Internships, Cooperative Education, or Practica:** The practical application of learning from a specific academic program in a pre-planned out-of-class situation equivalent in time to at least 1 academic credit, paid or unpaid, requiring structured reflection and/or an end product, supervised and evaluated by faculty, field person, or cooperating professional directing the learning activity.

**Writing in the Disciplines:** Institutional commitment, manifest through an organized approach, to significant student participation in writing embedded in courses at all levels and in all divisions of the curriculum. To accomplish significant writing over time and at increasing levels of sophistication, it often includes writing experiences in many different disciplines, varied forms of writing for varied audiences, and iterative writing processes.

## 2023 Enrollment

**Institutional Enrollment:** Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of October 13, 2023. Degree-seeking students are those enrolled in courses for credit who are recognized by the institution as seeking a degree or recognized postsecondary credential. Full time undergraduates are those enrolled for 12 or more semester credits, 12 or more quarter credits, or 24 or more clock hours a week each term. Please report students formerly designated as "first professional" in the graduate cells. The last two year's enrollment grid are included.

Following new CDS/IPEDS guidelines, if your institution collects and reports non-binary gender data, please use the "Another Gender" category. In cases where gender information is not provided, please distribute across the two-binary categories.

44.)

2023 Full-time Enrollment:

*For ranking purposes, complete all cells -- not just totals -- in this question, the part-time enrollment question and historic enrollment questions.*

If your institution enrolls full-time and part-time students, complete both grids (or none); do not complete only one. \*

## 2022 Enrollment

---

**Institutional Enrollment:** Provide numbers of students for each of the following categories as of the institution's official fall reporting date or as of October 15, 2022. Please report students formerly designated as "first professional" in the graduate cells. Last year's enrollment grid is included for your reference. Complete all cells, not just the totals. These enrollment data from October 15, 2022 may be applied toward the financial resources ranking factor in the overall rankings. The breakdown by gender will not be re-published on usn.com, is not incorporated into the rankings calculations and therefore does not need to be updated to comport with new gender CDS/IPEDS guidance.

## Ethnicity Enrollment and Degrees Awarded

---

**Enrollment by Racial & Ethnic Category:** Provide numbers of undergraduates for each of the following categories as of the institution's official fall reporting date or as of October 15, 2023. Include international students only in the category "Non-residents." Report as your institution reports to IPEDS: persons who are Hispanic should be reported only on the Hispanic line, not under any race, and persons who are non-Hispanic multi-racial should be reported only under "Two or more races."

Notes:

- Degree seeking undergraduates (2nd column) should include the degree seeking, first-time, first year students in column one.
- If there are no students in a category, enter zero.

59.) Ethnicity Grid:

62.)

Report the percentage of bachelor's degree-seeking undergraduates enrolled in your institution in Fall 2023 who were first-generation students.

Use the Common Application definition (<https://appsupport.commonapp.org/applicantsupport/s/article/First-Generation>) for defining first-generation students. If no parent has a bachelor's degree, or higher, the applicant is identified as a first-generation college student. If there is no information provided for degree level for either parent -- for example, when an applicant left the parental education question blank -- the applicant is assumed to be first-generation (this is the same approach taken by the Common App and NSLDS). Schools that do not use the Common App or use other applications in addition to the Common App may use the equivalent first-generation methodology. Respondents unable to adhere to the above definition for the requested time period should leave this question blank.

63.) Overlap schools: List up to five institutions that generally have the biggest overlaps (in terms of number of applicants) with your institution's applicant pool. Please use the alphabetical listing of colleges and universities on the left hand side of the grid. Select up to five institutions, then use the right arrow to move those schools to Overlap column. To remove a school from the right side of the grid, click on its name and hit the left arrow to move them back.

Admission

---

66.) Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in fall 2023:

- Include early decision, early action, and students who began studies during summer in this cohort.
- Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn (by applicant or institution).
- Admitted applicants should include wait-listed students who were subsequently offered admission.
- Fall 2022 data is included for your reference.

ACT and SAT

Once again, please adhere to the most recent IPEDS Winter data collection guidelines throughout this section. These guidelines instruct institutions to include SAT/ACT scores of all new entrants for whom they were used in admissions decisions. Exclude reporting any SAT/ACT data below pertaining to fewer than 5 students.

Survey respondents need to complete this section directly. CDS submissions will not be used to populate this section.

Also note that U.S. News switched to using the median (50th percentile) scores instead of mean scores for overall rankings calculations.

SAT/ACT entering class scores are to be reported for fall 2023. Questions on SAT/ACT policy, such as testing requirements, pertain to fall 2025 and are not used in the ranking calculations but are published in school profiles.

130.) Does your institution make use of ACT or SAT scores in admission decisions for first-time, first-year, degree-seeking applicants for fall 2025?

This data is rolled over from last year.

- ☒ Yes
- ☐ No
- ☐ No Answer

*This is no longer incorporated into rank eligibility but is collected for school profiles*

131.) Select the appropriate boxes to reflect your institution's policies for use in admission for fall 2025.

132.) If SAT and/or ACT exams are not required for all applicants, which of the following best describes your institutions admissions policy for fall 2025.:

- Test flexible -- Applicants are required to submit standardized test scores, but may submit alternative exam scores (e.g. AP exams, IB exams) instead of ACT or SAT scores.
- Test optional -- Applicants are not required to submit standardized test scores, but standardized test scores are considered in admissions decisions. This includes schools that may require SAT/ACT scores for applicants in limited circumstances.
- Test optional only for international applicants -- Only international applicants may apply without submitting SAT or ACT exams.
- Test blind -- Standardized test scores are never considered in admissions decisions.
- Test blind with exceptions -- Standardized test scores by default are not considered in admissions decisions, but may be considered under qualifying circumstances (e.g. applicants with GPAs below a threshold).

This data is rolled over from last year.

134.) Latest date by which SAT or ACT scores must be received for fall-term admission:

This data is rolled over from last year.

01/08

135.)

If your institution makes use of ACT and SAT in admissions decisions, which of the following best describes its policy toward score choice for applicants submitting test scores:

- Submission of all exam scores is required. Applicants must submit all their ACT and SAT scores as part of their applications.
  - Submission of all exam scores is recommended. Although submission of all ACT and SAT scores is not required, your institution recommends applicants submit all ACT and SAT scores.
  - Submissions of all exam scores is not required nor recommended. Applicants may submit whichever ACT and/or SAT scores they elect and your institution does not encourage otherwise.
- ☐ All exam scores required
- ☒ All exam scores recommended
- ☐ All exam scores not required nor recommended
- ☐ None of the above
- ☐ No Answer

136.) Does your institution apply superscoring to applicants' ACT and SAT scores? Superscoring is defined by admissions only considering an applicant's highest section scores if they took an exam more than once.

- ☒ Superscoring is applied for ACT/SAT
- ☐ Superscoring is not applied for ACT/SAT
- ☐ Neither/Not applicable
- ☐ No Answer

137.) If necessary, use this space to clarify your test policies (e.g., if tests are recommended for some students, or if tests are not required of some students). Do not include bullets, paragraph breaks, special characters, or other special formatting:

This data is rolled over from last year.

Test scores from the December sitting will be considered provided the student applied by our deadline of January 1st.

Test Scores must be sent directly AND electronically from testing agencies by 01/08.

*Maximum number of allowable characters is 500*

137.) Test Score Submission: In the following questions, please provide the percent and number of first-time, first-year students enrolled in fall 2023 who submitted national standardized (SAT/ACT) test scores in the admissions decision:

- Adhere to the guidelines reported for the latest IPEDS winter survey. But make sure these include *all* new entrants' SAT/ACT scores reviewed by your institution before admissions decisions were made.
- All new entrants equates to all *enrolled*, first-time, first-year degree-seeking students – full, or part-time-- who submitted test scores for use in the admissions decision, including students who began studies during summer, international students / non-residents, and students admitted under special arrangements.
- Do not include partial test scores (e.g., SAT mathematics scores but not SAT reading for a category of students) or combine other standardized test results (such as TOEFL) in these items.
- Do not convert SAT scores to ACT scores and vice versa. (U.S. News may convert your reported SAT and ACT scores to 0-100 percentile distributions and weight by proportions submitting each exam for use in ranking calculations.)
- Do not include SAT/ACT score information on fewer than 5 takers for that exam.
- If a student submitted multiple sets of scores for a single test, report this information according to how you use the data as reported in the preceding questions. For example:
  - If you consider the highest scores from either submission, use the highest combination of scores (e.g., reading from one submission, math from the other).
  - If you average the scores, use the average to report the scores.

**Doctorate:** includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and Doctor of Philosophy in any field such as arts, services, education, engineering, business, or public administration. Also includes terminal degrees formerly designated as "first-professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), law (JD).

**Terminal Master's degree:** a master's degree that is considered the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts in art or theatre).

U.S. News is collecting full-time and part-time instructional staff counts by gender and ethnicity. Please use CDS guidelines for including and excluding faculty at the top of this section, aligned with cohorts reported at the top of this section.

For each row, report the pre-summed counts of all fall 2023 total faculty who were among the following: tenured, tenure-track, not on tenure-track multi-year contract, not on tenure-track annual contract, less than annual contract, and indefinite duration contract. Exclude full-time instructional staff without faculty status. You must complete all rows pertaining to ethnicity for men and women, both full-time and part-time. Otherwise, if your count for a cell is 0, enter 0.

## Faculty: Salaries

Report cumulative salaries by rank of full-time instructional faculty members for Fall 2023. Enter what your institution reported in Form 2 of the AAUP Faculty Compensation Survey (<https://research.aaup.org/instructions#form2>) for the corresponding fields, if applicable. Else, follow the AAUP guidance below.

### Guidance:

**Full-time instructional faculty** are those employed on a full-time basis for instruction (including those with released time for research).

**Whom to Include:**

- Full-time faculty members who are on the payroll of the institution as of November 1, 2023 and working 9-, 10-, 11-, or 12-month contracts, including those paid through third-party payroll management companies.
- Full-time “Primarily Instructional” and “Instructional/Research Public Service” faculty members whose regular assignment has an instruction component (including release time for research), regardless of whether they are formally designated as “faculty” and irrespective of tenure status. (See the [FAQ \(https://research.aaup.org/faq#form2\)](https://research.aaup.org/faq#form2) for further details.)
- Faculty who are working on a reduced load (e.g., 0.75 FTE) but who are still considered full-time in the institution's HR/payroll system. In this case, report their projected annual salary expenditures by determining what their base salary would be for a full load (e.g., salary / FTE).
- Full-time faculty members who are on sabbatical or leave with pay. In this case, report their regular salaries even though they may be receiving reduced salaries while on sabbatical or leave.
- Replacement faculty for those on sabbatical or leave without pay, but only if the replacement faculty are employed full-time. If the replacement faculty are employed part-time on a per-course-section basis, they should be reported on Form 6.

### Whom to Exclude

- Faculty who are not employed on a full-time basis irrespective of tenure status.
- Faculty who are working less-than-9-month contracts.
- Clinical or basic science faculty, medical faculty, and/or military faculty paid on a different scale from civilian employees. (See the [FAQ \(https://research.aaup.org/faq#form2\)](https://research.aaup.org/faq#form2) for further details.)
- Extreme outliers. Exclude faculty whose base salary falls well outside the norm for a particular rank. (See the [FAQ \(https://research.aaup.org/faq#form2\)](https://research.aaup.org/faq#form2) for further details.)
- Faculty on sabbatical or leave without pay.
- Replacement faculty for those on sabbatical or leave with pay.
- Research faculty and other faculty who do not have a contractual instructional role, such as Research Assistant or Associate, Research Professor, Post-Doctoral Research Fellow, or Research Fellow.
- Faculty on courtesy appointments and other faculty members whose services are valued by bookkeeping entries rather than by full cash transactions, unless their salaries are determined by the same principles as those who do not donate their services.
- Contributed service personnel, or administrative officers with titles such as Provost, Dean, Associate or Assistant Dean, Librarian, Counselor, Registrar, or Coach, even though they may devote part of their time to classroom instruction and may have faculty status.

**Academic Rank:** Report the academic rank as of November 1, 2023, as follows:

- Report ranked faculty, including ranked teaching faculty, at their named rank at your institution, irrespective of tenure status.
- Report “Visiting Assistant Professors,” “Visiting Associate Professors,” “Visiting Professors,” “Post-Doctoral Faculty” who have instruction as part of their contractual responsibilities, and “Other Regular Faculty” in the category of “Instructor.”
- If your institution does not have a faculty ranking system, for example if all faculty members are referred to as “instructors,” report all faculty on as “No Rank.”

**Length of contract:** Data for faculty whose base contract requires 9 or 10 months of instruction (e.g., two semesters, three quarters, or two trimesters) should be reported as 9 months regardless of whether the pay period extends over 12 months. Data for faculty working 11- or 12-month contracts should be reported as 12 months regardless of the number of installments.

**Number of Faculty:** Report an unduplicated head count of faculty members in each cell. Do not report full-time equivalent (FTE) figures. Note that projected annual base salary expenditures should be adjusted, if necessary, for faculty working on reduced load (see below).

**Total Contracted Base Salaries (Faculty Salary Outlays):** Report the projected annual expenditure for full-time contracted base salaries excluding extra loads, summer teaching, stipends, or other forms of remuneration. For faculty working on a reduced loads (e.g., 0.75 FTE), adjust the projected annual salary expenditures by determining what their base salaries would be for a full load (e.g., salary ÷ FTE).

For full-time instructional faculty serving as department or program heads and having no other administrative title, report only their base instructional salary (i.e., excluding administrative stipends), adjusting their projected annual salary expenditures if appropriate by determining what their base salary would be for a full instructional load (e.g., salary ÷ FTE).

183.)

**Report full-time instructional faculty salaries - Fall 2023.** Follow the above guidelines. This means reporting on *all* qualifying faculty, including non-tenured faculty. Report salary data on an actual basis (e.g. do not convert 9 month figures to 12 month figures or vice versa). Report cumulative salaries and not average salaries in each row.

## Class Sections

- 185.)
- Undergraduate Class Size: In the table below, please use the following definitions to report information about the size of class sections offered in the Fall 2023 term. Fall 2022 data provided for your reference.
- Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.
- For each undergraduate class section that meets the above criteria, report counts of all students enrolled in those classes, including graduate students. Class sections administered to a blend of face-to-face students and distance learners must include the distance learners.

## Graduation and Retention

---

187.)

Graduation rates - 2017 Cohort.

Please read all instructions before completing, including the new bullet on first generation students.

The following questions ask for information needed to calculate the six-year graduation rate for the cohort of full-time, first-time, bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution in the Fall of 2017.

- The graduation and retention figures below, other than the first generation column in this question, ***must align with what your institution reported to IPEDS***, unless your institution reported inaccurate information that your school will correct with IPEDS.
- Include students who entered your institution during the Summer term preceding Fall of 2017.

- Students are to be considered to have received a grant or loan if they received it for the period used for determining the cohort - fall term.
- The Common Data Set uses the term 'Stafford Loans' while IPEDS refers to them as 'Direct Loans' but these both are the same numbers.
- The total column is the sum of Pell students + Stafford Loans students + non-Pell, non-Stafford students, which are each unique counts. However, the rightmost column on first-generation students are of students who overlap across the three leftmost columns and will therefore be double counted.
- Use the Common Application definition (<https://appsupport.commonapp.org/applicantsupport/s/article/First-Generation>) for defining first-generation students. If no parent has a bachelor's degree, or higher, the applicant is identified as a first-generation college student. If there is no information provided for degree level for either parent -- for example, when an applicant left the parental education question blank -- the applicant is assumed to be first-generation (this is the same approach taken by NSLDS). Schools that do not use the Common App or use other applications in addition to the Common App may use the equivalent first-generation methodology. Respondents unable to adhere to the above definition for the requested time period should leave the first-generation column blank but complete the rest of the grid.

*Note: Students are to be considered to have received a grant or loan if they received it for the period used for determining the cohort - fall term. The Higher Education Opportunity Act (HEOA) (Sec. 488(a)(3)) requires that graduation rates must be disaggregated by these categories and disclosed to the public.*

If your institution was unable to report first generation graduation rate data in the previous question, which of the following is most accurate?

- ☐ Could not report first generation graduation rates this year but will likely be able to next year
- ☐ Could not report first generation graduation rates this year and unlikely to be able to next year
- ☐ Other (please explain in comments):
- ☒ No Answer

Make a comment on your choice here:

190.) U.S. News's website displays schools' four year graduation rates on profile pages and lists because most baccalaureate programs can be completed in four years. But with cooperative education programs, professional programs and accelerated bachelors/masters programs, even full-time continuously enrolled students may require more than four years to complete their bachelor's degrees. Using the IPEDS/CDS definition in the first question of this section, but this time adding any students in longer than four year programs to exclusions, what was your institution's four year graduation rate for remaining full-time, first-year bachelor's degree seeking students? Non-responders to this question will display the four year value reported in the first question of this section.

191.) Of the students reported in the 2017 cohort grid, line C, total column, the number of non-resident (international) students:

70

*If there are no international students, please leave the question blank*

192.) Of the students reported in the 2017 cohort grid, line G, total column, the number of non-resident (international) students:

193.) Six-year graduation rate for 2017 cohort of first-time, full-time, bachelor's (or equivalent) degree-seeking undergraduate non-resident (international) students:

**Must answer two previous questions**

194.) What percentage of students from the Fall 2017 entering class have since transferred to another institution?

 %

195.) First-year retention rate:

Report the same retention rate your institution reported to IPEDS, unless your institution made an error that will be corrected.

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as first-year students in fall 2022 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in fall 2023?

Total students retained = students from the fall 2022 cohort who are still enrolled as of fall 2023 + students from fall 2022 cohort who completed their bachelor's program as of fall 2023.

The initial cohort can be adjusted ONLY for the following: death, permanent disability, service in the armed forces, foreign aid service of the federal government and official church missions. No other adjustments to the initial cohort should be made.

Enter integer values.

CDS B22 This question is used in the Rankings calculation.

# of all first-time, full-time, bachelor's degree-seeking undergraduate students who entered in Fall 2022

*(Students from the Fall 2022 cohort still enrolled as of Fall 2023 + Students from Fall 2022 cohort who completed their bachelor's program as of Fall 2023)/(Adjusted Fall 2022 cohort) \*100*

*The number of first-time students seeking a bachelor's degree (or equivalent) who attain a bachelor's degree (or equivalent) by their second fall term is expected to be zero or very small. In exceptional cases when a first-time student does satisfy all degree requirements including full credit completion (e.g., typically 120 credit hours) and is awarded a bachelor's degree (or equivalent) by their second fall term, they are to be considered "retained" for reporting purposes.*

196.) Historical first-year retention rate:

For reference is the first year student retention rates (calculated as above) your institution reported in the previous year's survey. Note for the upcoming rankings, U.S. News will used the first year retention rate in the IPEDS preliminary data set.

This question is used in the Rankings calculation. This data is rolled over from last year.

197.) International student retention rate:

For the cohort of first-time, full-time, bachelor's degree-seeking non-resident (international) students who entered your institution in fall 2022 (or the preceding summer term), what percentage was enrolled at your institution in fall 2023 (i.e., enrolled on the date your institute calculates its official enrollment for fall 2023)?

93 %

*Note that the initial cohort can be adjusted only for the number of students who departed to serve in the armed services, on official church missions, or in a recognized foreign aid service of the U.S. government; who died, or who became permanently disabled.*

## Alumni Giving

This is no longer a ranking factor but is still published in school profiles. Please read the full instructions. Please enter information on undergraduate alumni giving, as defined below in accordance with the updated standards set by the Council for Aid to Education (CAE) and the Council for Advancement and Support of Education (CASE), and used for reporting to CAE for the Voluntary Support of Education Survey. As always, *exclude* former students who didn't graduate from your institution. Additionally, exclude all student giving (e.g., senior class gift) unless you count the entire senior student body in the alumni of record total. Also restrict reporting to 4-year undergraduate students, including all 4-year undergraduate degree students who obtained additional degrees at your institution.

For individual donations from households with multiple (e.g. two) alumni, report each as separate donors. One would be hard credit and the other would be soft credit. So these soft-credit spouses would be excluded from the third question, but included in the first, second and fourth, and comprised the whole answer to the fourth.

*If you are unable to report in accordance with the standards, please blank responses to the alumni giving questions.*

200.)

What was the number of 4-Year Undergraduate Degreed alumni who were legally contactable in academic year 2022-2023. Restrict to alumni who hold one or more 4-year undergraduate degrees, independent of any other degrees. Legally contactable alumni are individuals not marked as deceased for which you have means of contact and who do not have a total "no contact" status. The individual is contactable if they have a postal address, email or telephone number on file.

202.) Among the cohort from two questions earlier, what was the number of hard-credit donors -- defined as unique individuals who made one or more tax-deductible gifts? This count must only include the number who made a hard-credit gift. Exclude from your count spousal soft credits and additional soft-credit donors like donor-advised funds, family foundations, companies, etc.

229.) Check one type that describes your school's LD Program:

#### **Structured/Proactive/Comprehensive program:**

Program has separate admissions process and charges fees. Services go well beyond those that are legally mandated and the student is provided with a more structured environment. Low staff/student ratios.

Compulsory student attendance. An advisor/advocate is made available to students.

#### **Self-directed/decentralized services:**

There is no separate admissions process and eligibility for services must be established by the provision of disability documentation that meets institutional standards. Services may be coordinated through the Disability Services office and are based on need as specified by the documentation. Other offices throughout the campus may also provide services and some services offered are not mandated by laws. Students' progress is not monitored.

#### **Compliance:**

Most of the services and accommodations that are provided to students with learning disabilities are those required by law. This type of program can meet the needs of independent students, aware of their needs and able to develop and coordinate their own support systems.

## Assessment

---

The following section contains a brief analysis of ranking data your school submitted on this year's Main statistical survey. All flagged data (identified by the red asterisk \*) must be addressed in order to submit your survey. To acknowledge that the flagged data are in fact correct, please select the confirmation checkbox associated with item in question. Once every flagged assessment item has been either confirmed or corrected, please proceed to the verification section.

**Making Data Changes** – If you notice an incorrect current year value please go back into the survey and correct the data. The question numbers are listed for your reference.

Last year's data are only displayed for reference and will not be used nor published for this fall's upcoming rankings edition. Please prioritize the current year data. If a value reported last year that's displayed on usnews.com needs to be changed sooner, contact [usnews-data-collection@usnews.com](mailto:usnews-data-collection@usnews.com) (<mailto:usnews-data-collection@usnews.com>) with your request. We will analyze the requested changes on a case by case basis and get back to you.

Below is a list of some terminology you may encounter:

**Large Change** - For the questions(s) indicated, the data submitted for the current year are significantly larger or smaller than the data supplied for the previous year. If the data supplied are correct as entered, please include an explanation in the text box provided. If you need more space to explain than that provided, email us at [usnews-data-collection@usnews.com](mailto:usnews-data-collection@usnews.com). If the data is incorrect, please go back into the survey and supply new data.

**Missing** - No information has been submitted for this indicator. If the question does not apply to your institution, or if you cannot supply the data requested, please check the box. If you can supply the missing data, please go back into the survey and enter the new data. If you wish to add in missing previous year data, please contact [usnews-data-collection@usnews.com](mailto:usnews-data-collection@usnews.com) with that information.

**High Value** - The data submitted are significantly higher than the norm. Please either correct the figure or verify that the data are correct as submitted.

Verification/Submission

---

279.)

### Verification/Submission

The final step prior to survey submission is what we call “Verification”. Please share the survey responses with a senior administrator such as a President, Provost, Dean (or what your institution considers an equivalent position) for their final approval. When ready, you must fill in all of the information below, including both check boxes, both sets of identification, institution name and the verification date. After the information is entered, hit the red “Submit Survey” button. **Failure to check the verification box and have the President, Provost, Dean or other equivalent senior administrator verify the data and fill out their information may be noted when the data are published and/or may result in the school not being ranked. Once the "Submit Survey" button is selected, your submission is final and will be published.**

If you have any questions about your institution's verification or this procedure, please contact [usnews-data-collection@usnews.com](mailto:usnews-data-collection@usnews.com).

On behalf of *U.S. News* and its many users, thank you for the time and effort you have given to supply and verify this information.
