

This guide maps legacy Tableau census reports to their Power BI replacements. It highlights where reports have been combined, updated, or newly created, along with key metrics and notes.

Student Enrollment & Progression

Power BI Report	Legacy Tableau Reports	Metrics / Notes
- Overall Enrollment	- Enrollment by Headcount - Enrollment by Major	Merged into a single unified dashboard. Filterable by term, college, major, academic level, campus, residency, and citizenship.
- Minor Enrollment	- Enrollment by Minor	Displays student counts by minor and term.
- Student Transitions & Flow	- College/Major Outcomes - College Gain Loss - Major Gain Loss	Consolidated report showing student movement by origin/destination college or major, including gain/loss rates and flow visualizations.

Student Success & Outcomes

Power BI Report	Legacy Tableau Reports	Metrics / Notes
- Academic Awards by College & Major (FY)	- Academic Awards by College/School - Academic Awards by Major	Unified dashboard combining both reports. Filterable by college, level, gender, and ethnicity, with fiscal year filters and dynamic visuals.
- Academic Awards by Minor	- N/A (new)	New report showing award counts by minor.
- Retention and Graduation Sankey	- N/A (new)	Visualizes fall-to-fall cohort movement, illustrating patterns of retention, attrition, and graduation.

- Student Success	- Retention, Graduation, Persistence, and Completion by Undergraduate Cohort	Tracks first-year retention, persistence, and graduation rates by undergraduate cohort. Includes new KPIs such as GPA and average AP hours.
- TTD Undergraduate by Graduating Cohort	- Undergraduate Time-to-Degree by Graduating Cohort	Displays time-to-degree trends for undergraduate students by graduating cohort, college, major, and application type. Includes median and average time-to-degree, plus average degree GPA.
- TTD EDS by Graduating Cohort	- N/A (new)	New report showing time-to-degree trends for Educational Specialist students by graduating cohort, college, major, department, and demographics. Includes median and average time-to-degree.
- TTD MAs by Graduating Cohort	- Masters Time-to-Degree by Graduating Cohort	Time-to-degree trends for master's students by graduating cohort, college, major, department, and demographics. Includes median and average time-to-degree.
- TTD PHD by Graduating Cohort	- Doctoral Time-to-Degree by Graduating Cohort	Time-to-degree trends for doctoral students by graduating cohort, college, major, department, and demographics. Includes median and average time-to-degree.
- TTD Professional by Graduating Cohort	- N/A (new)	New report for professional students showing time-to-degree trends by graduating cohort, college, major, department, and demographics. Includes median and average time-to-degree.

Faculty & Courses

New Power BI Report	Legacy Tableau Reports	Metrics / Notes
---------------------	------------------------	-----------------

- Credit Hour Production Report	- Credit Hour Production by CY - Credit Hour Production by FY - Credit Hour Production by Term	Consolidated report providing CHP by academic year, calendar year, and fiscal year. Includes enhanced year-over-year metrics and drill-down filters by college, department, course prefix, level, and instructor group.
- Faculty Teaching Load	- Faculty Teaching Load	CHP, course load, and instructor type. Enhanced visuals and standardized metrics.
- Grade Distribution Report	- Grade Distribution Report	Distribution of grades awarded by college, department, courses, instructors and terms. Includes average grades, percentages by letter grade, and DWF rates.
